Advisors' Area

New functionalities on AUCP website

The AUCP has recently updated its website to include an [Advisors' Area](#). Featured on the main menu of www.aucp.fr, this new space provides easy access to information on students' Health and Safety, Outcomes Assessment, AUCP Grading Policy, Student Budgets, Program Dates, Detailed Costs and Payment Schedules.

Ecological concerns have motivated us to scale down on systematic printing and shipping of AUCP support materials. However, program brochures, fact sheets, and posters may be viewed and downloaded, and advisors may order the printed quantities they need directly from the site.

Motivating Learning Both In and Beyond the Classroom

For those of you who are unfamiliar with the AUCP, or who would like to get a glimpse of "the AUCP difference" in a nutshell, please click on the presentation "[Motivating Learning](#)". This presentation is also available in the new Advisors' Area of our site.

AUCP Site Visits

We highly encourage study abroad advisors and French teachers to visit the AUCP. Personalized schedules include visiting the premises, sitting in on classes, and meeting with AUCP faculty and students.

The AUCP would be pleased to ensure pick-up at the Aix TGV station or Marseille airport and pay for one night's hotel accommodation. To request a site visit, please [click here](#).

Contact us!

Your feedback is important to us. Should you have any questions or suggestions regarding our programs, administrative procedures, or the new Advisors' Area on our website, please don't hesitate to contact us.
